

# Rho P10 200 HS Plus/LED

# Rho P10 250 HS Plus/LED

## Technical Specifications

---

**Printing system:**

UV flatbed printing with Quadro® Array technology

---

**Resolution: Standard:**

1,000 dpi

---

**Productivity:**

Rho P10 200 HS Plus / LED: Up to 350 m<sup>2</sup>/h (3,767 sq ft/h); Production mode: Up to 127 m<sup>2</sup>/h (1,367 sq ft/h)

Rho P10 250 HS Plus / LED: Up to 400 m<sup>2</sup>/h (4,305 sq ft/h); Up to 130 boards per hour (board size: 244 x 122 cm, 4 x 8 ft); Production mode: Up to 142 m<sup>2</sup>/h (1,528 sq ft/h)

Up to 42 boards/h (board size 4 x 8 ft)

---

**Inks:**

Durst RhoLED inks; Durst Rho UV inks

---

**Colours:**

Standard: CMYK

Optional: Light Cyan, Light Magenta, Orange, Violet, White Rho UV ink

---

**UV curing technology:**

LED or arc bulb lamps

---

**Printing material:**

Minimum: DIN A3 – 29.7 x 42 cm (12 x 17 in)

Maximum length: depending on material, and roll length and diameter

---

**Maximum print width:**

Rho P10 250 HS Plus: 205 cm (80.7 in)

Rho P10 250 HS Plus: 250 cm (98 in)

---

**Maximum weight:**

Standard up to 50 kg (110 lb)

---

**Options for optimised material handling:**

3/4 automation, palette to palette automation Heavy duty roll option for rolls up to 200 kg (440 lb) in weight, double-sided web printing, corrugated print option

---
